Welcome to Happen Bank Patient Notify!

Where smarter technology meets better patient financing.
Dear Valued Partner,

Experience a new way to offer patient financing that's secure, compliant, and designed for today's practice. Patients can complete their own applications right from their personal devices, protecting your office, reducing administrative effort, and keeping the process seamless from start to finish.

With Happen Bank Patient Notify, you'll deliver a financing experience that's effortless, compliant, and built around the needs of both your team and your patients. Patient financing, reimagined for modern care!

With Happen Bank Patient Notify, compliance and convenience finally go hand in hand. Your patients get access to trusted financing options, and your team gets a seamless, compliant system that makes it all effortless.

Thanks for joining us in creating a simpler, smarter way to help patients say "yes" to treatment.

Warm regards,

The Happen Bank Team

Here's what's inside your welcome kit:

You'll find table tents and stickers featuring the Happen Bank logo, QR codes, and a text-to-apply option.

Place them around your office, at the front desk, in waiting rooms, or treatment areas so patients can scan or text to start their application instantly.

Here's what's waiting in your inbox:

Your office should have also received an email from hello@patientnotify.com with your Happen Bank Patient Notify portal login.

This secure dashboard lets you:

1. Send application links directly to patients via text or email
2. Track delivery and engagement in real time
3. Reorder materials like table tents, stickers, or QR code labels with a few clicks

For help getting started, check your inbox for an activation email from hello@patientnotify.com.
